

Project update

Congleton town centre improvements

Dear sir / madam,

Plans to change Congleton town centre have been finalised following extensive consultation with the local community. The scheme has started, and will deliver junction improvements and an enhanced town centre environment over the coming months.

Progress report

Planing of the existing carriageway surfacing at Swan Bank.
Excavation of the bindercourse & sub-base layers (bottom layers of the carriageway).
Removal of the setts from within these lower layers of carriageway.

Further work was also carried out on Sunday 06 August 2017 to maximise works progress under the road closure.

Photo Number 1 shows the removal of the existing carriageway layers at Swan Bank.

Photo Number 2 shows the removal of the existing carriageway layers at Duke Street.

All works are currently on programme.

Looking ahead

Delivery to site of 360 tonnes of sub-base material which is to be levelled and compacted.
Setting out of and installation of new kerblines.
Pouring of the new concrete foundations.

OFFICIAL

All roadworks, closures and diversions are displayed on our roadworks map at www.cheshireeast.gov.uk/highways_and_roads/roadworks.

Keeping you informed

Detailed information about the scheme can be found online at www.cheshireeast.gov.uk/highways and live updates from site will be tweeted from @CECHighways, so please give us a follow.

Thank you for your patience whilst these improvements to Congleton town centre are delivered.

Yours faithfully,

Jon Berry
Project Manager
Cheshire East Highways
