CONGLETON TOWN COUNCIL

COMMITTEE REPORTS AND UPDATES

COMMITTEE:	Community, Environment and Services Meeting		
MEETING DATE AND TIME	28 th June 2018	LOCATION	Congleton town Hall
REPORT FROM	Chief Officer		
AGENDA ITEM REPORT TITLE	7. Police Community Support Officers (PCSOs)		
Background	<p>A meeting was arranged on the 24th April 2018 to discuss the provision and funding of PCSOs across Cheshire East and specifically Congleton. The focus was to understand the changes in allocations and funding requirements and how this could impact on Congleton</p> <p>In simplistic terms historically we were allocated 6 PCSO's, 2 of which were part funded via ourselves utilising our budget of £47,000 (circa £23,500 each). We were advised that from 2018/19 we would need to fully fund our PCSOs at a cost of £33,000 each, £66,000 per annum. This was discussed at a meeting on the 24th April 2018</p>		
Meeting notes key points	<p><u>In attendance</u></p> <p>B Edwards Leader S A Holland Chairman CE&S Committee D McGifford Chief Officer P Crowcroft Local Policing Superintendent</p> <p>Peter Crowcroft was advised that the budget allocation is already set for the Town Council at £47,000</p> <p>The provision of police funded PCSOs is based upon communities which is aligned in general to the council wards.</p> <p>CEC are not directly funding PCSOs, the Safer Cheshire East Partnership (SCEP) have been informed they can decide how the £147,550 is allocated whilst linking it to SCEPs priorities. They have also been advised that their allocation of £147,000 is to be used against an agreed action plan</p> <p>Local Policing Superintendent Peter Crowcroft commented</p> <ul style="list-style-type: none"> • There are 47 PCSOs that "float" and will go where the priorities are. • Advised that Congleton now has its own superintendent (Penny Jones) and 4 beat officers based and focused on Congleton • <i>Felt that Congleton was sufficiently covered with the 2 funded PCSOs and the beat officers</i> • There are no options to fund a part time PCSO or ask for a reduction • Concerns about the visibility of beat officers was raised – Peter Crowcroft advised that a lot of the work of the beat officers is in targeting groups both inside and outside Congleton that impact on the town. If visibility is a concern then we could incorporate this element into the PCSOs Service Level Agreement. 		
Options	<ol style="list-style-type: none"> 1. Do we accept that Congleton is sufficiently covered with the current allocation of 2 PCSO's and 4 beat officers 2. Do we utilise the current budget to pay for 1 additional PCSO £33,000 and utilise the remainder of the budget £14,000 to enhance crime prevention initiatives for example CCTV 		

3. Do we investigate the use of Community Wardens instead potentially 2 could be funded through the current budget?

General information on Community Wardens-

The Community Warden Service was established to address public concerns in relation to Crime and Disorder and tackle issues in relation to Anti-Social Behaviour. This is achieved by working in partnership with the local community and its partners to provide a safer environment in which to live, work and visit. The provision of a uniformed community patrol offers and promotes community reassurance leading to a reduction in crime and, most importantly, the community's perception of crime.

Objectives

- Provide a highly visible uniformed presence to reduce the fear of crime and promote public reassurance.
- Addressing issues relating to Anti-Social Behaviour through pro-active and re-active enforcement and education.
- Encourage and enforce the safe and proper use of outdoor recreational areas and public open space.
- Adopt a pro-active role in encouraging all sections of the community to use public open spaces for sporting activities and environmental appreciation.
- Enforcement of Hackney Carriage and Private Hire license conditions.

Environmental Enforcement

- Enforcement and removal of Abandoned Vehicles.
- Vehicles for sale on the highway.
- Enforcement of Litter and Dog Fouling.
- Issue of Fixed Penalty Notices.

Partnership Work

- Liaison with local residents and businesses on issues of crime and disorder, vandalism, nuisance and anti-social behaviour.
- Work closely with the Police Community Action Teams (CAT) on crime and disorder issues and jointly operate the mobile CCTV vehicle.
- Support the CCTV network.
- Support Officers who are on the councils 24 hour call out scheme.
- Promotion of Business and Pubwatch schemes.
- Working in partnership with the DVLA to tackle unlicensed vehicles.

Minutes of the Meeting

Present: Cllr Sally Holland- Chairman- SH
Inspector Penny Jones
PCSO Jessica Shore
Cllr Glen Williams- GW
Cllr Jean Parry – JP

1. **Minutes** of the meeting held on 14th February 2018 were signed off

2. **Public Space Protection Order**

RC updated the group. Cllr Janet Clowes had now approved the order. CEC would take the lead in promoting the order via media releases. The PSPO signs were on order – looking at 1 for the wall of the market plus 4 smaller lamp post signs. Group suggested 2 big signs would be better in addition to the smaller signs. Police would also promote scheme and JM to add to Bear Necessities – bigger article for July.

PJ needed to check police had Fixed Penalty Notice (FPN) books. Order would apply from 1st April but will need a little time to get the signs up and to promote the scheme. Target date of the 1st May.

NOTE SCHEME WILL BE VALID FOR 3 YEARS – THEN WILL NEED TO BE REAPPLIED FOR IF REQUIRED

Question about what happens if the problem moves to a new location such as the park. Initially the wider ASB group wanted to apply for PSPOS for the two areas. Prioritised the market area first as more of a proven needed due to the number of complaints. Need a strong evidence base for a PSPO. With problem areas very important to keep reporting and monitoring problems to build up a case.

3. **Drug and Alcohol Abuse**

Police advised that can expect some big impacts to happen soon. Some tenancy notices have been handed out leading to some tenants handing back their tenancy and moving on rather than facing eviction. PJ – action against drugs in Congleton is having an impact and is getting results – but as with towns and cities across the country it is a constant battle.

CEC - need information to work with families affected. Multi Agency Task Group agreed to work with the Town Council Youth Council. Looking to target year 8 and year 9 in an

activity before the end of the school year. Police and Cheshire East to be invited to next Youth Council meeting in April.

4. Anti-Social Behaviour Hot Spots

Congleton Park – Group of young people causing issues. Again important to keep reporting incidents. One group has yellow cards issues and coming back to the park to help with replanting on 12th April.

Operations on-going to deal with drugs and alcohol issues in the park.
Working with the schools on one-on-one fights in the park

5. CCTV

- Request to look at potential mobile CCTV cameras which could be used in the Mill Green area .
- Police would like to see a camera on Tesco Roundabout.
- Create a postcard for shops and other interested parties with CCTV contacts, when to call 101, when to call 999. Note a new system is coming in with 101 – currently complaints of long waits.
- CCTV working group to look into a range of issues

6. Motorbike Noise

- PJ agreed to look into issue with Police Traffic as note sure what the law is with regard to noise levels on bikes. Occurring in the Mossley area.

7. AOB Rewarding people who go above and beyond to help

- PJ wanted to thank Paul Newall for his support and help – wondered if there was a Mayor's Award for the community. Not something that Congleton currently does but Police writing to Morrisons and to Paul to thank him.

COMMITTEE REPORTS AND UPDATES

COMMITTEE:	Community and Environment		
MEETING DATE AND TIME	28 June 2018	LOCATION	Congleton Town Hall
REPORT FROM	Chief Officer		
AGENDA ITEM REPORT TITLE	13. Mechanical Sweeping Working Group		
Background	Update on mechanical sweeping within Congleton		
1. Previous report information from 15.3.2018	<p>Mini Sweeper</p> <p>We have recently had a meeting with ANSA Environmental Services regarding a decrease in sweeping in Congleton, from this we have learnt the following</p> <ul style="list-style-type: none">- ANSA are going to be changing the driver, there will be a new driver taking over the Congleton Route who should be then arriving in Congleton for a 6:30pm start.- Weekend sweeping has ceased in all Towns and Parishes in Cheshire East, due to a movement clause with the new depot at Cledford, ANSA have advised that they could with prior notice and cost carry out a sweep before an event at the weekend, but they would have to park the sweeper at their Macclesfield Depot (West Park) as they are able to move in and out of the depot in Macclesfield at a weekend.- Annual Leave / Sickness - When the current driver has annual leave for more than a week it is covered by another member of the Ansa team, Can we look into cover for any time off not just a week or longer? Before the devolution of the Streetscape service to the town council, when the driver was on annual leave, one of the streetscape staff which now works for CTC covered his position so the sweeping never decreased with the staff being based with the current driver. <p>The Large Sweeper</p> <p>The Sweeper use to come every Tuesday to Congleton, but we have not noticed him at all over the last couple of months. From this question we have learnt the following from ANSA:</p> <ul style="list-style-type: none">- Ansa are currently working on a re-routing exercise regarding the large sweepers, which we have offered CTC services on this project as we have a better understanding and knowledge to where the requirements are for the large sweepers.- Currently the Two large sweepers which use to carry out sweeping in Congleton: Operative 1 = Estates Operative 2 = Main Roads <p>These roles have changed they both have had the former Congleton Borough Area split in half and one member of staff covers all one half both main roads and estates and the other operative carries out the remaining half. However, the split is through Congleton so we have two different drivers carrying out different parts of Congleton and at probably different speeds and consistency.</p>		

	<ul style="list-style-type: none"> - Over the next few weeks both operatives will be coming of Leaf fall routes and back on to normal routes so we should notice more of a difference regarding large sweepers. <p>A working group is required, so we can look into the future of sweeping in Congleton and how we can get it increased and not decreased as the months go on and budgets get tighter. This will be a group put together of staff, councillors and a member from ANSA.</p>
Update	<p>Ruth Burgess Streetscape Development Manager, David Brown Chief Officer and Cllr Bob Edwards, met with the Director and Deputy Managing Director from Ansa Environmental Services which is a wholly owned company of Cheshire East Council, to discuss the future of the mechanical sweepers in Congleton and the impact the change of depot location has had.</p> <p>The main point from our discussions were:</p> <ul style="list-style-type: none"> - Start time and length of time now carrying out sweeping on Congleton. <p>ANSA are going to be changing the driver, there will be a new driver taking over the Congleton Route who should be then arriving in Congleton for a 6:30pm start</p> <ul style="list-style-type: none"> - Holiday and sickness cover <p>Looking into the insurance side of how this could work with Congleton TC using the machine to help when there is holiday or sickness cover required</p> <p>Weekend sweeping had ceased</p> <p>We have informed ANSA of key events through out the year and where we would like to have a sweeper working and covering a weekend before and event start for example, Christmas Light Switch On, Food and Drink Festival and Carnival.</p> <p>Ruth Burgess will be liaising going forward with ANSA regarding the next stages and to ensure the sweep still commences and at the right standard for Congleton.</p>

a weekday. This has worked well and since the procedure has been put in place the Town Council has received fewer complaints about street collectors.

The first two Makers Markets both led to 40% increase in footfall. (Figures for 28th April – 14,238 - up 22% on previous week) Figures for 26th May 14,531 up 38.6% on previous week). The organisers have been receptive to making alterations to improve the makers market and are keen that the market is able to complement the offer that we have in town and work with the regular market and traders. It is also pleasing to see that our overall footfall figures have been improving – these figures are taken from the hourly footfall camera installed free of charge in the pedestrian area as part of the Big Data Small User Project. This camera will remain until at least the end of the year.

The Jazz and Blues Festival is the same weekend as the Makers Market, which should lead to a fantastic weekend in Congleton. It does mean that the umbrella parade, which signifies the start of the Jazz and Blues Festival will re-route as getting through the Town Centre at 1pm will prove extremely difficult.

The Heritage and Antiques Festival is a new event starting this September and is a combination of more than 40 events in various venues across the town with a heritage link. This will be combined with a launch event in the Town Centre on the 8th and another planned event on the 22nd.

The Makers Market falls on the same weekend as the Christmas Lights, so the two events will be brought together to create another really strong day in Congleton. Through the Christmas group we are also looking to put on entertainment in town on the 1st, 8th and 15th December. The Makers Market that would take place on the 29th December will be brought forward to the 22nd December.
