Congleton Town Council Application for Financial Assistance

1.1	Applicant(s):	Congleton Partnership
1.2	Representing:	Congleton Partnership
1.3	Email Address:	Cathy.dean@congleton-tc.gov.uk
1.4	Tel No.	O1260 270350 Ext 7
1.5	Project Title:	Congleton Inclusive Play Roundabout
1.6	Project Objectives:	Wheelchair accessible inclusive roundabout with a seat & scooter Removing existing paving slabs and installation.
1.7	Brief Project Description:	Congleton Park is the main park for children in the area and is loved by many children but there is currently no wheelchair accessible play equipment, we want to put this right! This inclusive wheelchair roundabout can accommodate a wheelchair and carers. Two users can sit and more can stand if they choose to do so. The wide central space facilitates a range of wheelchairs. Bump stops on both sides give a position to apply the wheelchair roundabout brakes. The 'roll on roll off' design enables users to exit in a forward position. Children can stand on the scooter using their outer foot they can propel the roundabout with ease. A lime green edge acts as a visual indicator for partially sighted users. A curved seat with a powder-coated frame and backrests enables 2 users to sit. Due to the bearing mechanism used this roundabout is free running for over two minutes. This gives users the chance to enjoy the experience rather than push all the time.

Part 3: Potential Benefits / Outputs

3.1	What are the potential benefits/outputs to residents of Congleton	Every playground should have play equipment for all children, play is beneficial for children of all ages and if a child has a disability, outdoor play can be so important.
		If a child has a disability their options can be limited, inclusive play equipment increases confidence, helps to improve social skills, can improve physical and mental health.
		It's important for families with disabled and able-bodied children to be able to play together, this piece of equipment provides fun for all children and carers/parents - fun for the whole family!
		It also helps children to make positive relationships and learn not to bully or discriminate. Children learn through play, providing an inclusive supportive environment should be the top aim for any play facility.
3.2	Are there similar services/ projects provided in the area	The closet inclusive play equipment is in Crewe and this needs a key to operate.

Part 4: Evaluation/Publicity

Statement of Responsibilities

31 March 2022

The Council's Responsibilities

The council is required:

- to make arrangements for the proper administration of its financial affairs
- to secure that one of its officers (R.F.O.) has the responsibility for the administration of those affairs. At this council that officer is the Responsible Financial Officer, and
- to manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets.

The Responsible Financial Officer's Responsibilities

The R.F.O. is responsible for the preparation of the council's Unaudited Financial Statements in accordance with Part 4 of the "Governance and Accountability for Local Councils – A Practitioners Guide (England) (as amended)" (the guide), so far as is applicable to this council, to present a true and fair view of the financial position of the council at 31 March 2022 and its income and expenditure for the year then ended.

In preparing the Unaudited Financial Statements, the R.F.O. has:

- selected suitable accounting policies and then applied them consistently
- made judgements and estimates that were reasonable and prudent, and
- complied with the guide.

The R.F.O. has also:

- kept proper accounting records, which were up to date, and
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

Responsible Financial Officer's Certificate

I further certify that the Unaudited Financial Statements present a true and fair view of the financial position of Congleton Town Council at 31 March 2022, and its income and expenditure for the year ended 31 March 2022.

Signed:

S. Van Schepdael- Responsible Financial Officer

Statement of Accounting Policies

31 March 2022

Auditors

The name and address of the External Auditors is provided for information only.

These Statements are not subject to audit and the External Auditors have no responsibility for them.

Accounting Convention

The accounts have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008) (FRSSE) issued by the Accounting Standards Board, as applied to Local Councils by part 4 of Governance and Accountability for Local Councils – A Practitioners Guide (England) (the guide). Comparative figures have been restated to conform to the revised formats where appropriate. Certain requirements have been omitted for clarity and simplicity as these statements are not subject to audit. They are produced in support of the council's audited Statement of Accounts contained within the Annual Return Statement of Accounts.

These accounts have been prepared having regard to the fundamental accounting concepts of: Going Concern, Prudence, Accruals, Relevance, Consistency, Reliability, Comparability, Understandability and Materiality.

The accounts have been prepared under the historical cost convention.

Fixed Assets

All expenditure in excess of £1000 (on any one item or group of similar items) on the acquisition, creation or enhancement of fixed assets is capitalised on an accruals basis in the accounts. Expenditure on fixed assets is capitalised, provided that the fixed asset yields benefits to the authority and the services it provides, for a period of more than one year. Fixed assets are valued on the basis recommended by the Chartered Institute of Public Finance and Accountancy (CIPFA) and in accordance with the statements of asset valuation principles and guidance notes issued by the Royal Institution of Chartered Surveyors (RICS). The closing balances are stated on the following basis:

all assets are included in the balance sheet at the lower of cost (estimated where not known) or estimated realisable value, except that,

certain community assets are the subject of restrictive covenants as to their use and/or future disposal. Such assets are therefore considered to have no appreciable realisable value and are included at nominal value only.

The surplus or deficit arising on periodic revaluations of fixed assets has been credited or debited to the Revaluation Reserve. Subsequent revaluations of fixed assets are planned at five yearly intervals, although material changes to asset valuations will be adjusted in the interim period, should they occur.

In accordance with Financial Reporting Standard (FRS) 15, depreciation is provided on all operational buildings (but not land), as well as other assets.

Depreciation Policy

Buildings and leasehold land are depreciated over the shorter of 50 years or the anticipated remaining useful lives on a straight line basis.

Freehold land is not depreciated.

Non Operational Assets (including Investment Properties) are not depreciated.

Vehicles, plant, equipment and furniture are depreciated over 3 to 10 years on a straight line basis.

Infrastructure assets are depreciated over 10 years at 10% per annum straight line.

Community assets are not depreciated, because they are of either intrinsic or purely nominal value.

Depreciation is accounted for as a Balance Sheet movement only, not through the Income and Expenditure Account.

Statement of Accounting Policies

31 March 2022

Grants or Contributions from Government or Related Bodies

Capital Grants

Where a fixed asset has been acquired or improved with the financing either wholly or in part by a grant or contribution from government or a related body, e.g. Sports Council, the amount of the grant has been credited to Deferred Grants Account and carried forward. Grants so credited are released back to revenue over the life of the asset to match, and thereby offset wholly or in part, depreciation charged.

Revenue Grants

Revenue grants are credited to income when conditions attached thereto have been fulfilled and/or equivalent expenditure has been incurred. Grants received in respect of which the conditions have not been fulfilled, or expenditure incurred, are carried forward as deferred revenue grants.

Investments

Investments are included in the balance sheet at historic cost and realised gains or losses are taken into the income and expenditure account as realised. Details are given at note 12.

Stocks and Work in Progress

Stocks held for resale, where significant (generally in excess of $\pounds 1,000$), are valued at the lower of cost or net realisable value. Consumable stocks have been treated as an expense when purchased because their value was not material.

Debtors and Creditors

The revenue accounts of the council are maintained on an accruals basis in accordance with the regulations. That is sums due to or from the council during the year are included whether or not the cash has actually been received or paid in the year. Exceptions to this are payment of regular quarterly and other accounts (e.g. telephones, electricity). This policy is applied consistently each year. Therefore, it will not have a material effect on the year's accounts or on the council's annual budget.

The council reviews the level of its commercial debtors on a regular basis and provisions are made, as required, where the likelihood of amounts proving ultimately collectable is in doubt.

Value Added Tax

Income and Expenditure excludes any amounts related to VAT, as all VAT suffered/collected is recoverable from or payable to HM Revenue and Customs. Any amounts not so recoverable are treated as a separate expense.

External Loan Repayments

The council accounts for loans on an accruals basis. Details of the council's external borrowings are shown at note 15.

Leases

Rentals payable under operating leases are charged to revenue on an accruals basis. Details of the council's obligations under operating leases are shown at note 16.

Statement of Accounting Policies

31 March 2022

Reserves

The council maintains certain reserves to meet general and specific future expenditure. The purpose of the council's reserves is explained in notes 18 to 20.

Certain reserves are maintained to manage the accounting processes for tangible fixed assets, available for sale investments and retirement benefits. They do not represent usable resources for the council:

Revaluation Reserves – hold balances representing unrealised gains on the appropriate asset since 1st April 2007.

Capital Financing Account - represent the council's investment of resources in such assets already made.

Interest Income

All interest receipts are credited initially to general funds.

Cost of Support Services

The costs of management and administration have been apportioned to services on an appropriate and consistent basis.

Pensions

The pension costs that are charged against precept in the council's accounts, in respect of its employees, are equal to the contributions paid to the funded pension scheme for those employees.

These contributions are determined by the fund's actuary on a triennial basis and are set to meet 100% of the liabilities of the pension fund, in accordance with relevant government regulations.

The next actuarial valuation was due at 31st March 2022 and any change in contribution rates as a result of that valuation will take effect from 1st April 2023.

The cost to the council for the year ended 31 March 2022 was £136,120 (31 March 2021 - £119,592).

The most recent actuarial valuation was carried out as at 31st March 2019, and the council's contribution rate is confirmed as being 21.35% of employees' pensionable pay with effect from 1st April 2022 (year ended 31 March 2022 – 21.35%).

Internal Audit Report 2021-22: Final update

Adrian Shepherd-Roberts

For and on behalf of Auditing Solutions Ltd

Background

All town and parish councils are required by statute to make arrangements for an independent internal audit examination of their accounting records and system of internal control and for the conclusions to be reported each year in the Annual Governance and Accountability Return (AGAR).

This report sets out the work undertaken in relation to the 2021-22 financial year which was completed by 23rd November 2021 and 4th February and 26th May 2022. We have undertaken the final review and we wish to again thank the Responsible Finance Officer in assisting the process, providing all necessary documentation to facilitate completion of our review for the year to date.

Internal Audit Approach

In undertaking our reviews for this financial year, we have had regard to the materiality of transactions and their susceptibility to potential mis-recording or misrepresentation in the year-end Statement of Accounts/AGAR. We have employed a combination of selective sampling techniques (where appropriate) and 100% detailed checks in a number of key areas in order to gain sufficient assurance that the Council's financial and regulatory systems and controls are appropriate and fit for the purposes intended.

Our programme of cover has been designed to afford appropriate assurance that the Council's financial systems are robust and operate in a manner to ensure effective probity of transactions and to afford a reasonable probability of identifying any material errors or possible abuse of the Council's own and the national statutory regulatory framework. The programme is also designed to facilitate our completion of the 'Annual Internal Audit Report' in the Council's Annual Governance and Accountability Return, which requires independent assurance over a number of internal control objectives.

Overall Conclusion

We have concluded that, on the basis of the programme of work we have undertaken, the Council continues to maintain adequate and effective internal control arrangements during the year.

We ask that members consider the content of this report and acknowledge that the report has been reviewed by Council.

We have completed and signed the 'Annual Internal Audit Report' in the year's Annual Governance and Accountability Return, having concluded that, in all significant respects, the control objectives set out in that report were being achieved throughout the financial year to a standard adequate to meet the needs of the Council.

Detailed Report

Review of Accounting Arrangements & Bank Reconciliations

Our objective here is to ensure that the accounting records are being maintained accurately and currently and that no anomalous entries appear in cashbooks or financial ledgers. To that end, we have: -

- > Ensured that the ledger remains in balance at the present date;
- Verified the opening trial balance for 2021-22 to the Statement of Accounts and AGAR for 2020-21 to ensure that the closing balances have been brought forward accurately and completely;
- Checked and agreed transactions in the Council's main bank account cashbooks to the relevant RBS Bank statements for April & September 2021 and January and March 2022;
- Checked and agreed for the same months, inter account "sweep" transfers between the current and high interest bank account; and
- Examined and verified the accuracy of transactions in the Council's mayoral charity bank account cashbooks and bank accounts as at September 2021 and January and March 2022 to ensure that no long-standing payments or other anomalous entries exist.

Conclusions

We are pleased to report that no issues have been identified in this area warranting further comment.

Review of Corporate Governance

Our objective is to ensure that the Council has robust corporate governance documentation in place; that Council and Committee meetings are conducted in accordance with the adopted Standing Orders and that, as far as we are able to ascertain, no actions of a potentially unlawful nature have been or are being considered for implementation. We noted previously that an updated Corporate Business Plan had been prepared and have examined the content accordingly.

We note that the Standing Orders were reviewed and adopted in October 2021 and the Finance regulations were reviewed in December 2021.

We previously discussed the Tourist Information Centre (TIC) with the RFO and we consider that the Financial Regulations should include controls with monetary limits detailed in respect of the till and change floats.

We have completed our review of the minutes of the Full Council and Standing Committees, excluding Planning to ensure that no actions of an ultra vires nature are being either considered or have been actioned, whilst also ensuring that the Council's finances remain at a healthy level to provide appropriate funds for future planned development and current

revenue spending plans. We also note that, as previously, various grants have been approved for payment during the current year.

Conclusions

There are no matters requiring formal recommendation in this area of our review process. As mentioned above consideration should be given to include controls in respect of the TIC.

Review of Expenditure

Our aim here is to ensure that: -

- Council resources are released in accordance with the Council's approved procedures and budgets;
- Payments are supported by appropriate documentation, either in the form of an original trade invoice or other appropriate form of document confirming the payment as due and/or an acknowledgement of receipt, where no other form of invoice is available;
- An official order has been raised in each and every case where one would be expected;
- All discounts due on goods and services supplied are identified and appropriate action taken to secure the discount;
- > The correct expense codes have been applied to invoices when processed; and
- VAT has been appropriately identified and coded to the control account for periodic recovery.

We have continued work in this area examining a sample of payments and purchase ledger entries to March 2022.

Finally, in this area, we have examined the content of the quarterly VAT reclaims to March 2022 submitted to HMRC, with no issues arising.

Conclusions

We are pleased to report that no significant issues have been identified in this area.

Assessment and Management of Risk

Our aim here is to ensure that the Council has put in place appropriate arrangements to identify all potential areas of risk of both a financial and health and safety nature, whilst also ensuring that appropriate arrangements exist to monitor and manage any such risks identified in order to minimise the opportunity for their coming to fruition.

Risk assessment registers are in place and they are subject to routine annual review and update. We note that the Business Risk Assessment for 21-22 was formally approved by Finance & Policy Committee in March 2021.

We noted as at a previous review that an external agent for Health and Safety and HR Services Ansa Environmental Services Ltd has been appointed.

Zurich Municipal continues to provide the Council's insurance cover: we have examined the current year's schedule (to May 2022) and consider it meets the current needs of the Council appropriately with Employer's liability set at £10 million and Public Liability cover set at £15 million and Fidelity Guarantee cover at £1.0 million.

Conclusions

We are pleased to report that no issues have been identified in this area warranting further comment.

Precept Determination and Budgetary Control

We aim in this area of our work to ensure that the Council has appropriate procedures in place to determine its future financial requirements leading to the adoption of an approved budget and formal determination of the amount of the precept placed on the Unitary Authority, that effective arrangements are in place to monitor budgetary performance throughout the financial year and that the Council has identified and retains appropriate reserve funds to meet future spending plans.

We are pleased to note that members continue to receive regular budget monitoring reports with over/under-spends and the level of earmarked reserves the subject of regular review.

We also note that the Council approved a precept of £996,333 for 2022-23 at its December 2021 meeting.

Conclusions

There are no matters requiring formal comment or recommendation in this area of our review process.

Review of Income

In considering the Council's income streams, we aim to ensure that robust systems are in place to ensure that all income due to the Council is identified and invoiced in a timely manner and that effective procedures are in place to pursue recovery of any outstanding monies. We have: -

- ➤ At the interim audit we reviewed the income generated in respect of the Tourist Information Centre and the cash and stock controls. We are pleased to report that the process is well managed and that records are maintained in a very satisfactory manner.
- > At this interim update review, we have reviewed the management controls and income from the Town Hall bookings and are satisfied that the records and the accounts are operated in a satisfactory manner.

Examined the "Aged debtors schedule" generated by the accounting software and note that there are no significant issues arising with regard to long-standing debts of which officers and members are unaware.

We have also reviewed the nominal ledger detailed transaction reports for income items and unpaid invoices for the year to March 2022 to ensure that no obvious coding errors or other anomalous entries are apparent of which the Council are unaware.

Conclusions

We are pleased to record that there are no significant issues in this area.

Petty Cash Account

Our aim in this area is to ensure that appropriate controls are in place; that all expenditure incurred is adequately supported by trade invoices or till receipts; that the expenditure is appropriate for the Council's requirements; that VAT has been separately identified for periodic recovery and that cheque encashments from the main cashbooks are properly recorded.

We have not checked the cash but have reviewed the holding from the information that we have been provided. As we are working remotely, we suggested that where possible an independent check is undertaken to confirm that the cash has been checked and the account balances. We note that this was undertaken and minuted at the Finance and Policy Committee meeting on 23rd March 2022 and we have been advised that it will continue to be reviewed.

We have reviewed the vehicle fuel nominal ledger and a sample statement and we are satisfied that this is controlled effectively.

Conclusions

There are no matters requiring formal comment or recommendation in this area of our review process.

Review of Staff Salaries

In examining the Council's payroll function, we aim to confirm that extant legislation is being appropriately observed as regards adherence to the Employee Rights Act 1998 and the requirements of HM Revenue and Customs (HMRC) legislation as regards the deduction and payment over of income tax and NI contributions, together with meeting the requirements of the local government pension scheme, as further revised from 1st April 2018 in relation to employee percentage bandings. To meet that objective, we have: -

- Ensured that the Council has approved staff pay rates for the financial year, based upon the approved NJC rates:
- Checked and agreed the computation of staff gross and net pay and salary deductions for November 2021, noting the continued use of a local, third party bureau service provider;

- Checked to ensure that appropriate tax codes and national insurance tables are being applied in the year and that the correct deductions / contributions have been deducted and paid over to HMRC in a timely manner; and
- Ensured that the appropriate revised superannuation contribution rates have been applied, also ensuring that the deductions have been paid over to the County Council in a timely manner.

Conclusions

We are pleased to record that no issues have been identified in this area.

Fixed Asset Registers

The Governance and Accountability Manual requires all councils to maintain a record of all assets owned. We will check and agree the principles used in the detail, as recorded in the Council's Asset Register using purchase cost values or where that value is unknown at the previous year's Return level or uplifted or decreased to reflect the acquisition or disposal of assets. This register is updated by DCK Accounting Solutions in conjunction with the Council.

Conclusion

No issues require formal comment or recommendation.

Investments & Loans

Our objectives here are to ensure that the Council is "investing" surplus funds, be they held temporarily or on a longer term basis, in appropriate banking and investment institutions, that an appropriate investment policy is in place, that the Council is obtaining the best rate of return on any such investments made, that interest earned is brought to account correctly and appropriately in the accounting records and that any loan repayments due to or payable by the Council are transacted in accordance with the appropriate loan agreements.

The Council holds no specific investments but holds a Special Interest account with RBS and deposits with the Cambridge and Counties Bank and CCLA.

We have verified the half-yearly loan repayments to the PWLB by reference to the direct debit advice as part of the aforementioned expenditure testing.

Conclusions

We are pleased to report that no issues have been identified in this area.

Annual Governance and Accountability Return

The Accounts and Audit Regulations required that all Councils prepare a detailed Statement of Accounts, together with supporting statements identifying other aspects of the Council's financial affairs.

As part of our year-end review we have checked the March 2022 cash books and nominal ledgers.

We have reviewed the accounts provided by DCK Accounting Solutions have concluded that the year-end figures produced are in accordance with statutory requirements.

We have also examined the Council's procedures and data in relation to the preparation of the year-end detailed accounts and Annual Governance and Accountability Return data and are satisfied that there are no issues arising.

Conclusions

No issues have arisen in this review area ton date and on the basis of work undertaken during the year, we have duly signed off the Internal Audit Report of the Annual Governance and Accountability Return, assigning positive assurances in each relevant area.

The Annual Governance and Accountability Return constitutes the annual return referred to in the Accounts and Audit Regulations 2015. Throughout, the words 'external auditor' have the same meaning as the words 'local auditor' in the Accounts and Audit Regulations 2015. *for a complete list of bodies that may be smaller authorities refer to schedule 2 to the Local Audit and Accountability Act 2014.

Annual Governance and Accountability Return 2021/22 Form 3 Local Councils, Internal Drainage Boards and other Smaller Authorities*

Guidance notes on completing Form 3 of the Annual Governance and Accountability Return (AGAR) 2021/22

- The authority must comply with Proper Practices in completing Sections 1 and 2 of this AGAR. Proper
 Practices are found in the Practitioners' Guide* which is updated from time to time and contains everything
 needed to prepare successfully for the financial year-end and the subsequent work by the external auditor.
- Make sure that the AGAR is complete (no highlighted boxes left empty), and is properly signed and dated. If the AGAR contains unapproved or unexplained amendments, it may be returned and additional costs will be incurred.
- The authority should receive and note the Annual Internal Audit Report before approving the Annual Governance Statement and the accounts.
- Use the checklist provided below to review the AGAR for completeness before returning it to the external
 auditor by email or post (not both) no later than 30 June 2022.
- The Annual Governance Statement (Section 1) must be approved on the same day or before the Accounting Statements (Section 2) and evidenced by the agenda or minute references.
- The Responsible Financial Officer (RFO) must certify the accounts (Section 2) before they are presented to the authority for approval. The authority must in this order; consider, approve and sign the accounts.
- The RFO is required to commence the public rights period as soon as practical after the date of the AGAR approval.
- Do not send the external auditor any information not specifically requested. However, you must inform your
 external auditor about any change of Clerk, Responsible Financial Officer or Chairman, and provide
 relevant authority owned generic email addresses and telephone numbers.
- Make sure that the copy of the bank reconciliation to be sent to your external auditor with the AGAR covers
 all the bank accounts. If the authority holds any short-term investments, note their value on the bank
 reconciliation. The external auditor must be able to agree the bank reconciliation to Box 8 on the accounting
 statements (Section 2, page 5). An explanation must be provided of any difference between Box 7 and
 Box 8. More help on bank reconciliation is available in the Practitioners' Guide*.
- Explain fully significant variances in the accounting statements on **page 5**. Do not just send a copy of the detailed accounting records instead of this explanation. The external auditor wants to know that you understand the reasons for all variances. Include complete numerical and narrative analysis to support the full variance.
- If the external auditor has to review unsolicited information, or receives an incomplete bank reconciliation, or variances are not fully explained, additional costs may be incurred.
- Make sure that the accounting statements add up and that the balance carried forward from the previous year (Box 7 of 2021) equals the balance brought forward in the current year (Box 1 of 2022).
- The Responsible Financial Officer (RFO), on behalf of the authority, must set the commencement date for the exercise of public rights of 30 consecutive working days which must include the first ten working days of July.
- The authority must publish on the authority website/webpage the information required by Regulation 15 (2), Accounts and Audit Regulations 2015, including the period for the exercise of public rights and the name and address of the external auditor before 1 July 2022.

Section 3 – External Auditor's Report and Certificate 2021/22

In respect of

CONGLETON TOWN COUNCIL

1 Respective responsibilities of the auditor and the authority

Our responsibility as auditors to complete a **limited assurance review** is set out by the National Audit Office (NAO). A limited assurance review is **not a full statutory audit**, it does not constitute an audit carried out in accordance with International Standards on Auditing (UK & Ireland) and hence it **does not** provide the same level of assurance that such an audit would. The UK Government has determined that a lower level of assurance than that provided by a full statutory audit is appropriate for those local public bodies with the lowest levels of spending.

Under a limited assurance review, the auditor is responsible for reviewing Sections 1 and 2 of the Annual Governance and Accountability Return in accordance with NAO Auditor Guidance Note 02 (AGN 02) as issued by the NAO on behalf of the Comptroller and Auditor General. AGN 02 is available from the NAO website –

https://www.nao.org.uk/code-audit-practice/guidance-and-information-for-auditors/ .

This authority is responsible for ensuring that its financial management is adequate and effective and that it has a sound system of internal control. The authority prepares an Annual Governance and Accountability Return in accordance with *Proper Practices* which:

summarises the accounting records for the year ended 31 March 2022; and

confirms and provides assurance on those matters that are relevant to our duties and responsibilities as external auditors.

2 External auditor's limited assurance opinion 2021/22

(Except for the matters reported below)* on the basis of our review of Sections 1 and 2 of the Annual Governance and Accountability Return, in our opinion the information in Sections 1 and 2 of the Annual Governance and Accountability Return is in accordance with Proper Practices and no other matters have come to our attention giving cause for concern that relevant legislation and regulatory requirements have not been met. (*delete as appropriate).

(continue on a separate sheet if required)

Other matters not affecting our opinion which we draw to the attention of the authority:

(continue on a separate sheet if required)

3 External auditor certificate 2021/22

We certify/do not certify* that we have completed our review of Sections 1 and 2 of the Annual Governance and Accountability Return, and discharged our responsibilities under the Local Audit and Accountability Act 2014, for the year ended 31 March 2022.

		East the opportunity to pay for top-up gritting for roads that Towns and Parishes		
	would like to see added to the programme for their area, but which didn't meet the			
	criteria under which Cheshire East will grit the roads. The deadline for signing up for winter 2022/23 was 27 th May 2022. With Town Council budgets already set for this			
	year, and the general informal steer from Councillors that road gritting is a Cheshire			
	East responsibility, officers have not signed up to a three-year agreement.			
	Cheshire East Council has asked if the Town Council would like to consider any 'top-up			
	gritting' in 2023/24. If the Town Council would like to pay for top-up gritting, this			
	would need to be built into the budget planning for 2023/24, which will be worked on

	Officers have not wo	orked out the cost of each individual road, but will do so if this is
	something that the	Town Council wants to take to take forward.

Financial considerations	Cheshire East Highways is looking for Town and Parish Councils to sign a 3-year agreement which is subject to 3-5% increases per annum. Currently the offer from Cheshire East Council is for £725 per km of road, plus £8.47 per gritting trip, with the average being 65 per year.
Environmental considerations	Highways and winter gritting remain a Cheshire East Council (CEC) function and so the additional carbon footprint created by this activity should be addressed by Cheshire East Council. CEC is committed to working towards being carbon neutral by 2025.
Equality and Inclusivity	Not gritting these roads will cause additional problems for our residents. Many of the roads are steep and the lack of gritting may make many people nervous about leaving their homes. Padgbury Lane is a main route to school for many people. Residents in Congleton have already paid for roads to be gritted.
Decision Requested	 To consider the issue and to decide which course of action to take: a) No action – Cheshire East Highways is responsible for gritting and the Town Council is not looking to finance additional gritting. or b) Approval to prepare a budget that includes top-up gritting on certain roads cut out of the programme by Cheshire East Council. or c) Approval to prepare a budget to re-instate all the routes that Cheshire East Council has cut due to them not requiring gritting under the Well Managed Highways Infrastructure.
