### Non-Committee Members: Bob Edwards

Officers: David McGifford, Jackie MacArthur and Rachel McCarthy

### 2. Minutes of Previous Meeting held 18<sup>th</sup> August 2023

Approved.

### 3. Vinyls for shops

Identify recent empty units within the town centre, Boots has become vacant, find out landlord. Possible themes, the history of the war memorial hospital, information about Elizabeth. Check if CMQ would have them in his windows on Mill Street, Agree projects then cost them out, apply for budget. ACTION RACHEL

### 4. Princess Street Carpark Wall/Antrobus Street Junction

Concern raised about the wall on Mill Street at the bottom of Mill Street. Believe it is owned by CEC as part of highways. Bob offered to arrange for a builder to look at the wall, assess and report back. Report will be passed to Cheshire East. Concern about the Budlea which is in the wall.

### 5. Mill Street/Cross Street - Red Dot Agency

This is an area of Congleton that we would like to see developed. Rachel updated the group on the current situation regards the properties as far as we are aware. Agreed to write to Cheshire East regarding the safety of Red Dot and Cross Street buildings and other concerns about the buildings. ACTION DMCG AND CHESHIRE EAST

### 6. First Floor Shop Review

Hotspot broken windows, have been offered first floor grant. Believe the situation is dangerous with broken falling glass. No action taken, Write to Cheshire East regarding public danger. ACTION DMCG

### 7. For sale batons on shop fronts

The group would like to see the batons removed from shop fronts, they look unsightly, we think around 130 of these should be removed. Identifying which estate agents could be hard, rendered walls would cause damage. Write to estate agents, ask them to remove batons. ACTION RMC AND STREETSCAPE?

### 8. Broken brickwork repairs

Identify broken brickwork, compile a list and cost out i.e. Mountbatten Way, public spaces, walls. List to be generated so that we can go to finance.

### 9. Pavement Repairs - Seat Cleaning

Streetscape deep clean/jet wash/sand down/paint the benches across town, LED lights are broken and need replacing on the seating outside Peacocks. Park benches are also in need of cleaning/maintenance work, bee garden etc. FOCP to maintain park?? ACTION STREETSCAPE Community Trust planter has broken nails. ACTION ENVIRONMENT COMMITTEE/RUTH Elizabeth statue clean before the 8<sup>th</sup> March – COMPLETED

Bridge Street – bike racks are bent, believed damaged by a Cheshire East bin wagon over a year ago, also needs hi viz tape on the racks for visually impaired.

Lamp post opposite wetherspoons has been snapped off, hi viz tape on for over 2 years, this was an insurance claim, the driver at the time took responsibility as I was present. Sewage reported on Swan Bank by the block paving? Investigate.

Who owns what asset on the Cheshire East register? ACTION DMCG

### 10. Totally Locally

Driving this forward, official launch for the rest of the town is 1<sup>st</sup> April, meeting will be arranged with the businesses that have signed up before launch, at the town hall. ACTION RM

### 11. Toilets

David had a meeting regarding the Library ground floor toilets.

Market area toilets need improvements.

Macclesfield TC inputted 100k towards the toilets, these have already been completed. We would like a Changing Place toilet in our town (other than just in the Leisure Centre) ACTION DMCG

### 12. Cheshire East car parking charges

Other councils discussing taking over their own car parks. David has registered an interest with CEC and waiting for details. If appropriate would go to Council. ACTION DMcG. Jackie to chase if comments on West Street Car Park were accepted.

### 13. **AOB**

- Grants are available for hospitality that have invested in their space, cut off next week.
- Flourish fund E8, community volunteer sector only £106k used of £180k budget

- Grant ideas for the next agenda.

### Next meeting 3<sup>rd</sup> June 10am

### **MINUTES OF THE MEETING – REGENERATION WORKING GROUP**

### 3<sup>rd</sup> June 2024 10am – 11am

### **CONGLETON TOWN COUNCIL**

### 1. PRESENT:

Committee members

- Cllr Russell Chadwick (Chair)
- Cllr Kay Wesley
- Cllr Amanda Martin
- Cllr Susan Mead (via Zoom call)

### Non-Committee Members: Bob Edwards

Officers: David McGifford, Jackie MacArthur and Rachel McCarthy

APOLOGIES:
 Cllr Robert Douglas, Suzy Firkin, David Brown

### 1. Draft agenda approved

### 2. Minutes of Previous Meeting held 1<sup>st</sup> March 2024

Approved.

### 3. Appoint a new chair - Russell Chadwick was nominated and approved

### 4. Town Centre Repairs List

A list of potential works has been compiled. A value needs to be put against the works, this will be taken to business planning and then Council.

Ideally, look at this list and identify which areas may be Streetscape, report for meeting. CEC has no budget to clean signage, parishes are doing this themselves. Ideally would like a formal agreement with CEC that CTC will take responsibility for this and the street furniture such as benches on the pedestrian area.

What as a town council do we take responsibility for, all needs documenting ACTION CEC - (WE WILL PICK THIS UP)

CEC assets are not on our asset register, but we maintain things like street furniture, that need transferring so that we can repair them.

Highways, we need to write to them regarding road surface signage, CEC are not fixing the street signs.

ACTION DMcG – Value costs of repairs then take to business planning.

### 5. Totally Locally

Few concerns over CMQ piggybacking on our the Town's four main events in the year, rather than creating new events. Noted that the Independent Street monthly market has now stopped.

Prickly Peach have been commissioned to produce a video for Totally Locally, promoting independent businesses. There is also a website and Facebook page, its free marketing, Debbie will push and share Totally Locally posts.

ACTION DMcG - Speak to Nick Hynes regarding lease on the market area .

Quarterbridge have been appointed by CEC regarding the market area. Aware of some anti-social behaviour in the market area. Action to find out if CEC temporary CCTV can be used in this area (Action Jackie).

ACTION RACHEL – push Totally Locally next two weeks, get more people signed and push out point of sale.

### 6. Town Centre Health Check Report

The group briefly discussed a Town Centre Health Check produced by People and Places. This report is based on ground floor units, not population size and as well as checking a number of key performance indicators for Congleton, also compares this with other towns. It was funded via Levelling Up Funds.

It shows trends, concerns, parking, crime etc

ACTION JMACA – distribute to all councillors and Bob, link into business planning. Highlight key aspects of the report that could be used in funding applications or to support improvements for the town.

### 7. Toilets

Ongoing issue for Congleton. Raised by 63% of people in the Health Check of Congleton. Looking into three key areas

- 1. Library can we gain CEC permission to signpost to the toilets in the library or can anything be done to open up the toilets in the basement?
- 2. Toilets in Capital Walk getting the legal position made clear.
- 3. Toilets in the Market area

We now have more evidence from the health check report to support the need for toilets.

ACTION DMCG – Ask CEC to sort out the library toilets, can we take over the lease from CEC for the bus station toilets

### 8. A.O.B

Ideas for next agenda, email to Rachel

Next agenda send to everyone as a draft so that everyone can add to agenda if required. Electric boxes are mentioned again, how can we make these look better in town?

### Next meeting 19<sup>th</sup> August 10 am

2: ABOUT YOUR ORGANIS	SATION			
What type of organisation are you?	A Society			
Please tell us about your organisation, its aims and the work you undertake. (in less than 200 words) Congleton and District Horticultural Society has existed in Congleton for almost 60 years, during which time it has held an Annual show in Congleton Town Hall each year except during Covid. The main aim of the Society is to encourage people of all ages to grow their own food and flowers. Gardening has many benefits including supporting the wellbeing of mind and body. Adults and children alike can participate in horticulture in many different ways. We hold monthly meetings and invite Speakers who talk on a wide range of subjects connected with horticulture. The meetings also provide an opportunity to meet and share ideas with others who share a passion for horticulture. The Annual Horticultural Show enables us to showcase our work and to display the horticultural produce and work of local people. In addition to the Horticultural classes in the Show there are also traditional craft classes; cookery, photography, floral art and craft classes, and a variety of Children's classes for a range of ages to enter. We receive approximately 550 to 600 entries per Show, and local people are encouraged to visit the Show in the hope that they will be inspired to take up gardening themselves.

2: ABOUT YOUR ORGAN	ISATION		
What type of organisation are you?	Charity (Community Building)		

Please tell us about your organisation, its aims and the work you undertake. (in less than 200 words)

Mossley Old School Trust was set up as a Charity in 1999 to preserve Mossley Old School building as a Community Centre to help residents of Congleton. It is the home of 1<sup>st</sup> Mossley Scout Group and groups such as a Dance School, Before and After School and Holiday Club, Keep Fit, Pilates and U3A classes. In addition, Casual Users such as children's parties also book.

We have a 67% usage through the week and 29% weekend usage (increasing to 40% when a party is booked approximately monthly). This is currently made up of around 16 different groups and a total of approximately 550 Congleton based Users.

The mortgage was fully paid in 2021 and we have always endeavoured to fix charges to allow for the running costs of a Victorian building plus build savings for larger maintenance projects. However, with increased utility prices, growing repair work and recent usage changes, the Trustees are conscious that hire charges may need to be increased.

In addition, to attract and retain Users the building needs to be fit for purpose. In particular, we wish to retain our Dance School and the fitness classes who are a large percentage of our usage.

3: COST DETAILS/ RE	SOURCES/ TIMETABLE
Project Title:	Main Hall Floor Repair
Project Objectives:	To repair the Main Hall floor by sanding and varnishing to eliminate slippy area and splinters whilst creating a long lasting aesthetically pleasing finish. (Please see Section 3.1 for User outline).
Brief Project Description:	The project will include the following steps:
	<ul> <li>Clear the hall and prep to reduce any mess.</li> <li>Patch any problem areas.</li> <li>Sand the whole floor.</li> </ul>
	<ul> <li>Sand the whole floor.</li> <li>Clean the floor and room.</li> <li>Varnish the whole floor.</li> </ul>
	<ul> <li>Allow the floor to dry fully.</li> <li>Carry out a deep clean.</li> </ul>
Total Cost of Project	Approx £5,000 3 quotes have been gathered and are attached.
Total contribution sought:	£500 or any amount gratefully received.
Details of cost breakdown and budgets:	<i>Please see quotations attached</i> – these detail the complete cost of the project however please ask for any more information as needed.
What will the money be spent on?/ Resources needed:	As a contribution to the total project. (Please see Section 1.7 for project description).
	Mossley Old School Trust aims to resource the project by finding the best contractor through assessing factors such as cost, time (to reduce disruption to Users), cleanliness (to reduce immediate mess), quality and long lasting results.
Any ongoing costs:	No.
Details of <b>confirmed</b> match funding, include source Cash/Grant:	Mossley Old School Trust is aiming to fund a percentage of the project cost from its own reserves and apply for grant funding for a percentage.
In kind:	
Estimated timescale of project from start to finish:	Approx 3 – 5 days, dependant on contractor timescales and working around Users on site to minimise disruption.
4: POTENTIAL BENEFITS/	OUTPUTS
What are the potential benefits/outputs to residents of Congleton	Mossley Old School Trust was set up as a Charity in 1999 to preserve Mossley Old School building as a Community Centre to help residents of Mossley and also the wider area of Congleton. It was previously (and still is) the home of 1 <sup>st</sup> Mossley Scout Group which caters for Beavers, Cubs and Scouts. It is also used by additional regular groups such as a Dance School, Before and After School and Holiday Club, Keep Fit, Pilates, Baby Massage and various U3A classes. In addition to this, Casual Users such as children's parties and training sessions also book.

Based on a 7am-9pm potential usage Mossley Old School Community Centre has a 67% usage through the week and 29% weekend usage (increasing to 40% when a party is booked approximately monthly). This is currently made up of around 16 different groups/classes and around 550 total Congleton based Users within these groups.

The Trust obtained a 15 year mortgage from Charity Bank to purchase the building from the Diocese of Chester at a favourable price with a covenant that it is to be used for educational purposes. The mortgage was fully paid in 2021 so the building is now owned by the Trust. The Trust hires out the building to the Users and, as a Charity, has always endeavoured to fix the charges to allow for the running costs of an old Victorian building plus extra to build up funds for larger maintenance projects. However, with the cost of increased utility prices (which have tripled during the winter months), growing repair work needed to the building and some recent changes in usage, the Trustees are conscious that hire charges may need to be increased which could cause problems for some of the User groups.

In addition, to attract and retain Users the building needs to be fit for purpose. In particular, we wish to retain our Dance School and the fitness classes who are a large percentage of our usage and are particularly affected by this project.

To this end the Trust is requesting financial help from the Town Council and other local grant awarding bodies to support this valuable community asset. Mossley Old School Trust will allocate some of its reserves to the project outlined below, but is conscious of the need to keep some reserves back for the aforementioned utility charges, general maintenance and for the possibility of losing income from a major user.

Mossley has a population of approx 11,000 which is around one third of the total population of Congleton at around 27,000 (with that number growing rapidly). Mossley Old School Community Centre is able to offer a space for hire to these individuals and is lucky to have two large halls with quality pine and oak flooring. The Back Hall remains in quality condition, however the last time the Main Hall floor was fully treated was over ten years ago, with only small patching jobs being carried out in between. Therefore, in this location there are now very worn patches and general wear and tear, with increasing reports of slippy areas and splintering wood fragments.

These floors have three purposes:

- 1. To be aesthetically pleasing, fit for purpose and safe to use.
- To be suitable for the types of Users we hire to specifically Dance and Keep Fit who need it to be non slip but with not too much friction, an element of bounce and no risk of splinters.
- **3**. To be hard wearing to ensure value for money for the Trustee Committee and reduce the need to complete the project again in the near future.

	Therefore, the aim of our project is to repair and fully sand the Main Hall Floor, followed by topping it with an appropriate varnish.
	The project will include the following steps:
	<ul><li>Clear the hall and prep to reduce any mess.</li><li>Patch any problem areas.</li></ul>
	<ul> <li>Sand the whole floor.</li> </ul>
	<ul> <li>Clean the floor and room.</li> </ul>
	<ul> <li>Varnish the whole floor.</li> </ul>
	<ul> <li>Allow the floor to dry fully.</li> </ul>
	<ul> <li>Carry out a deep clean.</li> </ul>
	The key factors that resident Users in the area will benefit from will be:
	Increased aesthetics of a newly repaired floor.
	• Reduced risk of splinters for those near the floor with bare hands and feet.
	Reduced slips and falls within groups.
	• A hardwearing and long lasting solution rather than frequent User
	disruption by patching more regularly.
	<i>Current floor photos enclosed showing some highlighted problem areas.</i>
Are there similar services/ projects provided in the area	Mossley has a population of approx 11,000 which is around one third of the total population of Congleton at around 27,000 (and growing rapidly).
	Within Mossley there is Mossley Old School Community Centre plus Mossley Village Hall and the Chappell Centre (both located across the road). Each offer different advantages and as one of our particular USP we are pleased to offer two large halls with high quality flooring installed specifically for dance requirements. We often have comments of the solid feel of the floor, flexibility and bounce, acoustics etc. However currently this is being diminished by the disrepair.
	The different facilities each venue offers attract different Users and, due to the large population in the area, ensures they all receive extensive usage. As such we work well as a local hub.
	There are no other venues in the Mossley area of Congleton. Additional similar local venues which have large open space and modern good quality flooring:
	Ruby's Fund 1.3 miles
	Masonic Hall 1.6 miles
	St John's Community Centre 2 miles
	St Mary's Parish Centre 2.2. miles
	Astbury Village Hall 2.3 miles
	Our Main Hall floor is considered below standard in relation to its current state when compared, although is still regarded as a superior quality dance floor when it is at its optimum.
5: EVALUATION	

How will the project be evaluated and who will carry out the evaluation?	<ul> <li>The Trustees, alongside the Centre Manager, will evaluate the project success. This will be through the following main factors:</li> <li>The project will be managed by the Centre Manager whilst liaising with the Dance School to ensure work meets need.</li> <li>A list of floor requirements has been drawn up to supply to the contractors in line with the comments above.</li> <li>Users have been asked for comments on the current state of the floor and comments will be obtained again after work has been completed to ensure satisfaction has been reached from their side.</li> <li>Pictures will be taken before and after for a visual comparison.</li> </ul>
Describe how you will promote the Town Council in your project.	<ul> <li>Promotion will be in two forms – during and post project:</li> <li>During: <ul> <li>Promote the project through information emails to all Users.</li> </ul> </li> <li>Ask Users to disseminate project information through to all their attendees (approx 550 in total) and via their own media channels.</li> <li>Place posters on noticeboards within the Community Centre for visitors and Users to view.</li> </ul> <li>Post Project: <ul> <li>A before and after post on our Facebook page mentioning the grant allocation details with thanks.</li> </ul> </li>

There are currently 232 pupils on the school roll and this year we have fundraised to support various projects such as a new reading retreat, sports kit for the school teams, a new school garden growing fruits, vegetables and flowers and support to all classes for school trips to make them more affordable for parents.

The project was to insulate The Old Saw Mill. Funds provided were part of a wider insulation program that is now completed and covers the entire building.				
The Old Saw Mill spent on average £900 per month on heating/lighting/cooking last year (electricity and oil). The grant formed part of the insulation program which had a target of reducing heat losses by 20% (based on the insulation methods used). We are changing our heating system to Electric only in July this year, with an anticipated increase in electricity costs. We aim to instal Solar Panels next year (Grant funding already obtained) to reduce overall energy usage. A profit is expected from the overall project expenditure but the				
results will not be evident until next year.				

Please explain what difference the project has made to your organisation/local people:

Customers have commented that the building is warmer and there is initial evidence that this is contributing to increased customer numbers after the lull due to COVID.

Volunteers and staff in our upstairs kitchen now work in a more consistent temperature throughout the year.

To cope with a growing membership the funds will be used to train three more LiRF's (Leaders in running fitness) which is an England Athletics qualification which enables people to lead groups of mixed abilities safely around club routes, plus two more club Welfare Officers also utilizing training from England Athletics.

As a club we organize three races each year The C9 Hill race, The Passing Clouds Fell Race..and the Congleton charity Half Marathon all of which are run by volunteers from the club. Each year we need to replace certain items of essential equipment so some of the income generated from the race goes to pay for this.

The grant this year was to cover the required costs of providing medical cover for the Cloud 9

3. Project Information						
When did the project commence?		November 2023				
Did you make a profit from the project? Yes No X						

Please explain what difference the project has made to your organisation/local people:

The funding enabled us to provide a range of activities at our Congleton youth groups. These included:

- A Halloween disco.
- A Christmas disco.
- Refreshments for 2 Christmas parties.
- A meal out at The King's Arms.
- A meal out at Reubens.
- A fun sports session with Everybody Leisure.
- Ingredients for pancake making.
- A Disney dance session with Beckie Morley.
- Venue hire for youth group sessions.

A total of 38 disabled young people attended these sessions and had fun with friends in a safe setting.

Local pubs/restaurants were used to make disabled young people and their families aware of what is available withing their community. In addition, staff at the venues are encouraged to welcome people with disabilities.

We use New Life Church for regular youth group sessions. Where this was not available, we used the Masonic Hall and R21 at Congleton Town FC. Again, this promotes community cohesion.

Evaluations from each of the sessions have shown that young people have enjoyed the activities and spending time with their friends. We also seen young people who are shy on arrival, growing in self-confidence when they see people they know and then they get really involved in the activity.

The Halloween and Christmas discos were particularly popular and fancy dress is always a winner!

The sessions were supported by 8 volunteers, who all live locally and willingly give up their time to help at our sessions. All our volunteers are more aware of disability and know that their help is appreciated by Friends for Leisure. One volunteer who lives in Congleton has said, "Being a part of FFL is like being in a family. I love helping at the activities and seeing the young people improving their social skills and increasing their confidence whilst having fun with their friends".

The Chief Officer shall report such action to the Chair as soon as possible and to the Council as soon as practicable thereafter.

# MODEL FINANCIAL REGULATIONS FOR LOCAL COUNCILS

This Model Financial Regulations template was produced by the National Association of Local Councils (NALC) in April 2024 for the purpose of its member councils and county associations. Every effort has been made to ensure that the contents of this document are correct at time of publication. NALC cannot accept responsibility for errors, omissions and changes to information subsequent to publication.

Notes to assist in the use of this template:

- 1) This document is a model for councils of all sizes to use to develop their own financial regulations, suitable for the size of the council and the activities it undertakes.
- 2) Bold text indicates legal requirements, which a council cannot change or suspend.
- 3) For the rest, each council needs to adapt the model to suit its size and structure. For example, some councils have both a clerk and RFO, possibly with several more staff, while others have a single employee as clerk/RFO. Some councils have committees, some have a high level of delegation and some make all decisions at full council meetings. Many now use online payment methods, but others still rely on cheques.
- 4) Curly brackets indicate words, sentences or sections that can be removed if not applicable, or amended to fit the council's circumstances. An example of this is the phrase {or duly delegated committee}, which can be deleted if there are no committees.
- 5) Specific areas that may need adapting:
  - a) In 1.5 is the Clerk the RFO?
  - b) In 3.3 and 3.4, the words "Governance and Accountability" do not apply in Wales
  - c) In section 4, does the council have committees and how many years are forecast?
  - d) In 5.6, does the council issue an open invitation to tender, or invite specific firms?
  - e) In 5.9, are online prices acceptable evidence?
  - f) In 5.13, 5.15 and 5.17, does the council have committees?
  - g) In 5.16, will a councillor ever be instructed to place an order?
  - h) In 5.20, is there a minimum level for official orders?
  - Section 6 includes several alternatives to cover delegation to committees or to officers, approval of invoices individually or in batches, or for approval of regular contractual payments at the beginning of the year.
  - j) Sections 7, 8 and 9 also includes several alternatives, including wording for where the clerk is a signatory. These are intended to allow a council's financial regulations to fit what they actually do, not to force any council to change what they do.
  - k) Section 10 gives two alternatives, with or without petty cash.
  - I) 13.6 has alternatives for VAT-registered and unregistered councils only use one.
  - m) 13.7 and 13.8 are removable if they don't apply to the council.

- n) Much of Section 16 can be deleted if not applicable.
- o) 17.3, is the Clerk the RFO or will the RFO consult the Clerk?
- 6) Square brackets indicate where the council needs to specify who, or how much, or what the timescale is. For example [£500] might need to be £100, or [October] might need to be November, or [the council] might need to say the Policy and Resources Committee.
  - a) In 4.1 and 4.7, select the wording for England or Wales, based on your location.
  - b) In Section 4, the council needs to determine the timescale for its budget setting.
- 7) It is challenging to try to offer guidance on setting financial limits. A council spending £1,000 a year is unlikely to delegate authority to spend £500 to its proper officer, but one spending £5 million a year might regard £5,000 as a reasonable limit. Each council needs to determine its own limits, that help, rather than hinder, its operations.
- 8) Key limits to set:
  - a) In 5.6, at what limit will the council require a formal tender process to ensure fair competition, rather than just asking for quotes? If this is set too low, it may discourage suppliers. Many small councils might only use formal tenders once every few years.
  - b) In 5.8, at what limit will the council require fixed-price quotes rather than estimates?
  - c) In 5.9, at what level can smaller purchases be made without competition?
  - d) In 5.15, at what level can purchases be made under delegated authority (having complied with the rules about obtaining prices)?
  - e) In 5.18, how much can the clerk commit to spending in an emergency?
  - f) In 6.9, can payment of invoices (for purchases that have already been authorised) be authorised by an officer under delegated authority as a general principle, or only to avoid problems?
  - g) In Section 9, what are the limits for card payments?
  - h) In 16.5, what value of assets can be bought or disposed of, without seeking council approval?
- 9) The contents list is a table that extracts section headings from the document. It can be updated by clicking on the contents list, whereupon a tab saying "update table" appears at the top of the list.
- 10) Once this model has been tailored to fit the council's needs, the resulting Financial Regulations (with the insertion of the council's name at the top) should be adopted at a meeting of the full council. The date of adoption should be inserted below the Contents. Any subsequent proposal for amendment should also be made to the full council.
- 11) The council should keep abreast of developments in legislation that affect the local council sector and should review and update its Financial Regulations annually.
- 12) Please ensure that the latest approved version is published on the council's website.

# CONGLETON TOWN COUNCIL

# PROCUREMENT POLICY

### Introduction

This guide is to provide an overview of procurement of goods and services and is not a replacement for the Town Council's Standing Orders and Finance Regulations

The Council will strive to attain best value for all goods, materials and services which it purchases. "Best Value" will be defined as a balance of price, quality of product and supplier services.

The Council will operate a transparent procurement process in accordance with its Financial Regulations and Standing Orders for Contracts.

All procurement is to be made following the Standing Orders, Financial Regulations and any internal processes in place.

# Principles

- Always adhere to Financial Regulations
- The Council will purchase locally wherever possible and where best value can be satisfied.
- In evaluating "best value", the past record of the supplier will be taken into account.
- For goods, materials or services over £30,000 inclusive of VAT, an evaluation model will be developed in advance against which best value can be judged, whilst also following the Standing Orders for Contracts Policy.
- The environmental and social credentials of the supplier will be checked, in accordance with the Council's Environmental Policy and Community and Social Policy.
- The Council will purchase Fair Trade goods where possibleThe Council will purchase re-cycled goods or less environmentally damaging materials where they meet the required functional standard.
- Where a contract is to be made, the Standing Orders for Contracts and Tendering Policy must be adhered to.
- Limits:
  - Expenditure on revenue items may be authorised up to the amounts included for that class of expenditure in the approved budget. This authority is to be determined by:
  - the council for all items over £10,000.
  - a duly delegated committee of the council for items over £5,000; or
  - the Chief Officer for any items below £5,000.
  - Capital Purchases £3,000 and over must be approved by Council.
- Estimates/Quotes:
  - For contracts greater than £3,000 excluding VAT the Chief Officer/RFO or relevant lead officer shall seek at least 3 fixed-price quotes;

- where the value is between £500 and £3,000 excluding VAT, the Chief Officer/RFO or relevant lead officer shall try to obtain 3 estimates which can include evidence of online prices, or recent prices from regular suppliers.
- For smaller purchases, all officers shall seek to achieve value for money.

#### **Investment Policy**

### I. Introduction

Congleton Town Council acknowledges the importance of prudently investing the temporarily surplus funds held on behalf of the community.

In preparing its Investment Policy the Council is required to comply with the guidance notes issued under Section 15 (1) of the Local Government Act 2003. The current statutory Guidance on Local Government Investments Guidance notes came into force in February 2018, this document will be available on our website alongside the policy. (Link: <u>Guidance on local government investments.pdf (publishing.service.gov.uk)</u> Town and Parish Councils with a budget larger than €500,000 are not eligible for compensation under the Financial Services Compensation Scheme (FSCS).

# 2. Objectives

The general policy objective of the Council is prudent investment of its balances in line with the widely recognised investment policy expressed as SLY, Security, Liquidity and Yield. The Council's priorities are:

- 1. Security of its reserves.
- 2. The Liquidity of its investments.
- 3. The Yield of its investments.

The Council will aim to achieve the optimum return on its investments commensurate with proper levels of security and liquidity.

# 3. Policies

- 1. The procedure for undertaking new investments, considering the need for timely and speedy placing of deals shall be documented by the Responsible Finance Officer and approved by the Finance and Policy Committee and then by Council before any investments are placed.
- 2. All investments will be made in Sterling
- 3. No one investment shall be for a period longer than 12 months
- 4. The Town Council shall only invest with banks/building societies or institutions with high credit quality ratings from credit agencies such as Standard and Poors; Moody's Investors Services Ltd and Fitch Ratings Ltd.

### **RBS Business Reserve**

To keep the balance in RBS Current & reserve accounts to a maximum of £400,000. Balance over this will be transferred on a monthly basis to the CCLA Instant Access Money Market Account. Should the balance go below £400,000 funds will be transferred from CCLA to RBS. Transfers will be delegated to the RFO, or in the absence by the Chief Officer or Deputy Chief Officer and signed in accordance with our Financial Regulations for Bank Payments.

# Cambridge & Counties

Congleton Town Council has £250,000 with Cambridge and Counties Bank<sup>1</sup> on a 1 year deposit. Until 8<sup>th</sup> December 2024 the interest rate for the 1 Year investment is 5.2%. On renewal on 9<sup>th</sup> December 2024, the balance of £250,000 will be retained. The monies invested in this account are tied in for the year and cannot be accessed.

# CCLA

Within the balance of the CCLA Public Sector Deposit Account, The Council keep £150,000 of its Ear Marked Reserves, due to this the CCLA account should hold a minimum of £150,000. This is an instant access money market account with fluctuating interest rates every day. Although the capital is not at risk of reducing in value, it is possible at a time of very low interest rates, for the interest rate of a CCLA Public Sector Deposit Fund to be negative. As from 8<sup>th</sup> November 2022 this account is used as a sweeper account for the balance of funds over £400,000 in the RBS Current and Reserve accounts. Suggested Strategy:

- 1. To limit the balance of RBS Current and Reserve account to a maximum of £400,000.
- 2. To retain the balance of £250,000 in Cambridge and Counties 1 year account to £250,000 on 8<sup>th</sup> December 2024.
- 3. To use the CCLA instant access money account as a sweeper account until 8<sup>th</sup> December 2024.. To hold a minimum of £150,000 in this account.

To consider adding a new investment which would run May to May should funds be available. Council to approve any new investments.
