4: POTENTIAL BENEFITS/ OUTPUTS	
What are the potential benefits/outputs to residents of Congleton	Trips such as these encourage young people to join and keep attending girl guides. While engaging in such activities and with these organisations young people are less likely to become involved in antisocial behaviour. In addition to the benefits to the individuals taking part in this trip there will be ongoing benefits to local young people. As part of my training to be a trip lead I have had to undertake a number of training courses which will enable me to lead future local events. It is hoped that I will be able to help keep these opportunities available for the next generation of young people.

Are there similar services/ projects provided in the area	I am not aware of any similar local trips.
5: EVALUATION	
How will the project be evaluated and who will carry out the evaluation?	No formal evaluation of the trip. However, the girl guiding association have oversight of the trip and will be reviewing my actions as part on my "Travelling abroad qualification".
Describe how you will promote the Town Council in your project.	At local unit meeting advertise that the Town council have supported the trip and will encourage local young people to volunteer to support the town council with events such as food & drink festival and green fair.
